## **To whom it may concern**

We contracted Jovan and Thelma to play at the 2009 Veterans soccer festival closing function held at The King George Protea Hotel in George. I decided to book Jovan and Thelma after many weeks of indecision, eventually going against the advice of my staff who felt live entertainment was both a waste of time and money based on the fact that this is pretty much an all male audience and every year the players who travel down from all corners of the country to play in this event seem to leave the function early to sample the George nightlife.

I am truly grateful that we made the correct decision and booked them. The evening was a huge success thanks largely to the music. The quality of the music is excellent and their connection with the audience is both relaxed and warm. They are easy going and open to requests and impromptu sing-along, as a result the guys who normally leave the function early stayed until the last song and the vibe throughout the evening was fantastic and added to the success of the entire weekend.

I have no hesitation in recommending their services to anyone.

Dale Wrede
