To Whom It May Concern:

Re: Live Performance by Jovan and Thelma as well as live band at Far Hills Country Hotel

It is with great pleasure and satisfactory that I write this letter. I had the chance to deal with one of our country's top local music groups. Not only was the music good but the professionalism was beyond my expectations.

My client-base includes both local and international companies and I was honored to present such a great variety of music to them for all my function held here at Far Hills Country Hotel.

I will happily recommend Jovan and Thelma as well as their band for any future functions here at the hotel as well as any other establishments and companies.

A big thank you to the sound crew, Basswaves, who's professionalism will also not go unseen. You guys really deserve a pat on the shoulder.

Kind Regards
